2. Was informed by [] that Gen. Cabell had interviewed [] this morning. The Gen. has called a meeting for Monday, March 19, to discuss this matter prior to reference to the Director for a final decision in the case. 3. Was informed by Hart Perry of the Bureau of the Budget that we could expect a formal Bureau of the Budget position on our proposed Career legislation during the early part of next week. It is evidently now making the rounds in draft form. If I do not hear by Tuesday on this matter, I will call Roger Jones.
